**California Proposition 65 Notice** Boss Manufacturing, Inc. warns its California customers that some of the products in this catalogue can expose you to chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov). Boss provides a Proposition 65 warning for any such products prior to purchase on its website at [www.bossgloves.com](http://www.bossgloves.com).

**Symbols:**
- Tagged for merchandising
- Vending Machine Ready

Boss manufacturing company reserves the right to make modifications to a product's specifications at any time without given notice. For the most current information, please refer to our website at [www.bossgloves.com](http://www.bossgloves.com) or contact your sales representative.

We routinely third party test our product for stated minimum performance representations. Absolute conformity to standards, however, is not guaranteed due to limiting factors such as laboratory testing tolerances, sample size, fluctuations in manufacturing processes and natural variations occurring in non-synthetic material, including leather.

All trademarks, registered trademarks, copyrights, and logos are the property of their respective owners. Sanitized is a registered trademark of Sanitized AG.
**Thumb & Construction Styles**

**Reversible**
Generally used for liners and string knit styles, reversible gloves are often seamless for comfort. They can be worn on either hand offering convenience and increased wear-life. The thumb is positioned precisely at the side of the glove.

**Clute Cut**
Seamless palm constructed from a continuous piece of material. The finger seams are located toward the palm side of the glove, with the back seams running parallel from finger-crotch to wrist.

**Gun Cut**
Finger side-seams are located toward the back of the glove adding comfort and increasing wear-life. A separate piece of material forms the ring and middle fingers and is sewn into the palm at the finger base.

**Straight Thumb**
Thumb is partially cut as one piece with the palm or back and extends straight from the wrist. Ideal for closed-fist applications.

**Wing Thumb**
Thumb extends to the side and is cut as one piece with the palm, following the natural shape of the hand.

**Keystone Thumb**
Thumb is constructed separately and then inset into the palm. This design allows for superior comfort and flexibility, perfect for leather drivers.

**Cuff Styles**
- **Adjustable Wrist (Hook & Loop)**: Provides a secure custom fit and easy removal, commonly found on mechanic and impact styles.
- **Knit Wrist**: Keeps out dirt, debris, and cold air. Provides a secure fit and can be worn under clothing sleeves.
- **Band Top**: Provides lightweight wrist protection and allows air to circulate around the hand. Easy on/off.
- **Open Cuff (with self-hem)**: Extends below wrist for an open design. Easy on/off. Common on leather drivers and general purpose styles.
- **Safety Cuff**: Adds extended protection to wrist area. Rubberized styles help repel moisture and increase wear-life.
- **Gauntlet Cuff (with turtleneck)**: An extended safety cuff. Adds protection to wrist and forearm. Common on chemical, hot mill, and leather palm styles.

**Boss Work Hard. Wear Boss:**

- **@BOSSGLOVES**
- **WWW.BOSSGLOVES.COM**
- **800-447-4581**
Lining is directly adhered to the outer glove material, whereas insulation adds an additional layer between the two. Insulation is used primarily for warmth; lining for comfort and/or some warmth.

**COATINGS & POLYMERS**

**Latex**  
Very high elasticity and grip with outstanding temperature resistance. Protects from most water solutions of acids, alkalis, salts and ketones. Should not be used with hydrocarbon and organic solvents such as gasoline and kerosene. Can cause allergic reactions. Great for numerous tasks, including: general maintenance, shipping, receiving, assembly, and material handling.

**Neoprene**  
Type of synthetic rubber. Offers good pliability, finger dexterity, high density and tear resistance, protects against hydraulic fluids, gasoline, alcohols, organic acids, and alkalis. Neoprene exhibits good chemical stability, withstands a wide range of temperatures, and will generally outlast natural rubbers.

**Nitrile & Foam Nitrile**  
A synthetic version of latex (does not contain latex proteins) that is stronger, allergy-free, and offers a wider range of applications. Stands up well to oils, greases, acids, caustics, and alcohols. Generally not recommended for use with strong oxidizing agents, aromatic solvents, ketones, and acetates. Good choice for the auto, food, and oil industry. Foam nitrile acts as a sponge, absorbing liquids and increasing gripping power.

**Polyurethane (PU)**  
Offers great breathability and grip without being sticky. PU foam can become discolored when exposed to light and has poor resistance to hot water.

**PVc (Polyvinyl Chloride)**  
Protects against liquids & some oils, with limited chemical resistance. Superior grip in oily conditions and stays flexible in low temperatures. Frequently worn by: farmers, agriculturists, construction workers, and commercial fishermen.

**Disposables:** Due to the dipping process used in making disposable gloves, it must be noted that the mil of these gloves may vary slightly from the stated description.
Cowhide. Tough and durable, cowhide is the most common and most versatile leather. Offered in grain or split varieties, grain cowhide is generally higher quality and lasts longer than split cowhide.

Deerskin. Extremely soft and supple, deerskin provides the best feel, fit, and dexterity. Naturally resistant to cold and dries soft and flexible after being wet. Best for light duty jobs. Offered in both grain and reverse-grain varieties.

Pigskin. Tough and naturally moisture resistant, pigskin is breathable and feels soft even after getting wet. Offered in both grain and split varieties. Split pigskin feels softer while wearing and boasts a slightly rougher grip.

Goatskin. Best abrasion and tensile strength for its weight while remaining soft & supple. Highest natural lanolin content of all leathers. Offered in grain leather only.

Sheepskin. As a natural insulator, sheepskin draws perspiration away from the wearer and into the fibers. Sheepskin can trap 30-36% of its own weight in moisture and dries soft and flexible. Offered in grain leather only.

Splitting the Hide

Grain and split leathers are made by separating the hide into two pieces. The top "grain" leather is smooth, while the bottom "split" leather (or suede) is fibrous.

Cleaning. Most leather gloves will perform better and last longer when they are cleaned regularly. Certain glove materials launder better than others. Consult your sales representative to help select the styles that are right for you or your customers.

Inspection. It is recommended that inspections be made daily to assure all gloves are free of damage, both inside and out.

Storage. Gloves should be stored in a well ventilated area at room temperature, away from direct sunlight.

Glove Care & Maintenance

Properly caring for your gloves is essential to maintaining quality hand protection. Effective glove care will provide longer wear and lessen the risk of hand injury.

- SEALED SEAMS
- REMOVABLE 100% POLYESTER ANTI-PILLING POLAR FLEECE LINER
- 4X6" LEFT CHEST POCKET WITH 3.5" X 4.5" CLEAR POCKET FOR ID CARD OR BADGE
- TWO LOWER ZIP POCKETS
- REMOVABLE HOOD
- ANSI/ISEA 107-2015 TYPE P, CLASS 2**

**3NR4000**
SIZES M-3X

INSULATED WATERPROOF RAINPANT
- 100% POLYESTER 300D OXFORD PU COATED
- WATERPROOF HIGH VIS. YELLOW WITH REFLECTIVE STRIPING
- LINED & INSULATED
- ELASTIC WAIST WITH DRAWSTRING
- TAKE-UP SNAPS
- WATERPROOF TAPED SEAMS
- FRONT POCKET ACCESS
- ANSI/ISEA 107-2015 SUPPLEMENTAL CLASS E

**3NR5000**
SIZES M-3X

LINING WATERPROOF RAINJACKET
- 100% POLYESTER 300D OXFORD PU COATED
- WATERPROOF HIGH VIS. YELLOW WITH REFLECTIVE STRIPING
- LINING
- WATERPROOF TAPED SEAMS
- ELASTIC WAIST WITH DRAWSTRING
- FRONT POCKET ACCESS
- ANSI/ISEA 107-2015 TYPE P, CLASS 2**
RAINWEAR // BRING ON THE RAIN

#3PR0350N
SIZES M-5X
HIGH-VIS RAIN JACKET
• .35MM FLUORESCENT GREEN PVC/POLY JACKET
• STORM-FLY FRONT AND DETACHABLE HOOD
• 2 LOWER POCKETS, TAKE-UP SNAPS ON CUFFS
• NON-CORROSIVE, NON-CONDUCTIVE PLASTIC SNAPS
• HIGH-VIS REFLECTIVE TAPE

#3PR0351N
SIZES M-5X
HIGH-VIS RAIN OVERALLS
• .35MM FLUORESCENT GREEN OVERALLS
• ADJUSTABLE ELASTIC SUSPENDERS
• TAKE-UP SNAPS ON ANKLES
• NON-CORROSIVE, NON-CONDUCTIVE PLASTIC SNAPS

#3PR0350Y
SIZES M-5X
SIZES: S-6X
#3PR0351Y

YELLOW RAIN JACKET
• .35MM FLUORESCENT GREEN PVC/POLY JACKET
• STORM-FLY FRONT AND DETACHABLE HOOD
• 2 LOWER POCKETS, TAKE-UP SNAPS ON CUFFS
• NON-CORROSIVE, NON-CONDUCTIVE PLASTIC SNAPS

YELLOW RAIN OVERALLS
• .35MM FLUORESCENT GREEN OVERALLS
• ADJUSTABLE ELASTIC SUSPENDERS
• TAKE-UP SNAPS ON ANKLES
• NON-CORROSIVE, NON-CONDUCTIVE PLASTIC SNAPS

#3PR0500G
GREEN, SIZES M-5X
#3PR0500Y
YELLOW, SIZES M-5X

.50MM PVC RAIN JACKET
• POLY-LINED, .50MM PVC/POLY RAIN JACKET
• ZIPPED, STORM-FLY FRONT WITH POCKETS
• UNDERARM VENTS & REINFORCED ELBOWS
• RUST-RESISTANT COVERED METAL SNAPS

.50MM PVC RAIN OVERALLS
• POLY-LINED, .50MM PVC/POLY OVERALL OR JACKET
• ELASTIC SUSPENDERS
• POCKETS, REINFORCED KNEES & SEAT
• RUST-RESISTANT COVERED METAL SNAPS

#3PR0501G
GREEN, SIZES M-5X
#3PR0501Y
YELLOW, SIZES M-5X

.35MM PVC RAIN SUITS
• POLY-LINED, 3-PIECE PVC/POLY RAIN SUIT
• STORM-FLY FRONTS ON OVERALLS AND JACKET
• DETACHABLE DRAWSTRING HOOD
• ADJUSTABLE ELASTIC SUSPENDERS
• TWO POCKETS ON JACKET
• TAKE-UP SNAPS ON CUFFS AND ANKLES
• NON-CORROSIVE/NON-CONDUCTIVE PLASTIC SNAPS

#3PR0300G
GREEN, SIZES S-G (3X)
#3PR0300Y
YELLOW, SIZES M-5X

.10MM PVC RAINCOAT
• PVC/POLY WITH CORDUROY COLLAR & SNAP-OFF HOOD
• HANDWARMER SIDE ENTRY, INNER DRAWSTRING WAIST
• UNDERARM VENTS & VENTED CAPE BACK
• BACK SLIT WITH SNAP-CLOSURE SADDLE GUSSET

#3PR8020Y
SIZES S-3X

48" RANCHER'S RAINCOAT
• PVC/POLY WITH CORDUROY COLLAR & SNAP-OFF HOOD
• HANDWARMER SIDE ENTRY, INNER DRAWSTRING WAIST
• UNDERARM VENTS & VENTED CAPE BACK
• BACK SLIT WITH SNAP-CLOSURE SADDLE GUSSET

#3PR0351C
CAMO, SIZES M-G (3X)

#3PF2000G
GREEN, SIZES M-5X
#3PF2000Y
YELLOW, SIZES M-5X

.20MM RAIN SUIT
• 3-PIECE UNLINED PVC RAIN JACKET & OVERALLS
• JACKET WITH DETACHABLE HOOD & STORM-FLY FRONT
• RAGLAN SLEEVES WITH TAKE-UP SNAPS
• NON-CORROSIVE, NON-CONDUCTIVE PLASTIC SNAPS

#3PF2689Y
SIZES S-J

.10MM PVC RAINCOAT
• 10MM, 3-PIECE PVC/POLY RAIN SUIT
• ATTACHED HOOD & SIDE SEAMS
• ATTACHED HOOD & SIDE SEAMS
• ONE SIZE FITS MOST

#3PR8000Y
SIZES: S-5X

.4MM SPORT RAINCOAT
• 4MM, 3-PIECE SPORT PVC/POLY RAIN SUIT
• ATTACHED HOOD & SIDE SEAMS
• ATTACHED HOOD & SIDE SEAMS
• ONE SIZE FITS MOST
ARAMID SLEEVE
• 16” CUT RESISTANT 100% ARAMID SLEEVE
• THUMB SLOT FOR EXTRA PALM PROTECTION
• ASSEMBLED IN THE USA FROM >95% US CONTENT

ARAMID SLEEVE
• 22” LONG
• ASSEMBLED IN THE USA FROM >95% US CONTENT
• NO CUT RESISTANT TESTING

BOSS EXTREME® PLUS CUT RESISTANT SLEEVE
• HPPE (OLEFIN)/GLASS YARN/POLYESTER/NYLON SPANDEX CUT RESISTANT SLEEVE
• 16” LONG
• HEMMED WRIST AND ARM OPENING

GRAY TERRY SLEEVE
• 18” GRAY TERRY CLOTH SLEEVE
• KNIT WRIST SEAL OUT DEBRIS
• THERMAL PROTECTIVE PERFORMANCE TEST AVAILABLE
• ASSEMBLED IN THE USA FROM >95% US CONTENT

# Chemical Resistance Chart

The chemical resistance chart is provided as a guide for qualified professionals who recommend, select, specify, or otherwise determine the suitability of protective products for worker safety. This chart is to be used primarily as a starting point and is provided for advisory purposes only. The suitability of a product for a specific application must be determined & tested by the purchaser.

Boss Manufacturing Company assumes no responsibility for the suitability of a user’s product selection for a specific application.

### Rights and Restrictions
- Prepaid on orders of $2,000 or more shipped to one destination within the Continental United States via lowest tariff available. Shipments to Alaska or Hawaii: Freight prepaid on orders of $2,000 or more shipped to point of exit.
- Returns: Guaranteed sales are not permitted, however, quality is guaranteed on products within 30 days for full credit. All returns must have written authorization from Boss Manufacturing Company's corporate office. Restocking fee may apply.
- Pricing: A $25.00 service charge will be added to orders under $250.00. Sizes may be combined for quantity discounts on items with the same product number.
- Minimum order requirements. Please contact your Boss sales representative for details and pricing.
In 1887, a farmer living in Kewanee, Illinois invented a unique corn-husking tool. He named that tool, known today as a husking pin, the Perkins Boss Husker.

In 1893, the Perkins Husker Company was reorganized and emerged as Boss Manufacturing Company. From 1895-1900, in addition to corn husking pins, the company manufactured force pumps and end gates for farmers' wagons. Boss also conceived the idea of manufacturing work gloves by taking note of farmers' needs in the Kewanee area. In the early 1890s it was common practice for farmers' wives to purchase cloth goods and make work mittens for their husbands.

In the early 1900s, Boss was sometimes referred to as the “U.S. Steel” of the cotton work glove and mitten industry. As early as 1900 retailers asked to have their name printed on husking mittens, which in turn were sold for five cents a pair.

In 1901, the Kewanee manufacturing plant was unable to produce product fast enough for the demand, so branch plants were established in Galesburg, Illinois and New York City. The Boss story from that point on is one of continued growth and sustained success as a leader in the glove industry.
Today, Boss gloves are being shipped all over the world. They even went to the South Pole with Admiral Byrd! Throughout all of our changes, Boss Manufacturing hasn’t forgotten its roots— even after 120 years of growth. Although we donated our original office building to Kewanee’s First Baptist Church, our company is still headquartered in Kewanee, IL with distribution centers and sales personnel throughout the United States and Canada.

GREAT THINGS START WITH GREAT GEAR.

After all of this time, Boss continues to respond to the urgent needs of our customers. We keep up with emerging technologies so that we can continue to offer innovative designs for changing work environments. As the oldest glove company in the U.S., we've developed the infrastructure, inventory, and relationships we need to ensure our customers and partners have everything they need to succeed. Boss markets and distributes a complete line of work, sport, and garden gloves as well as boots, rainwear, safety vests, and other personal safety products. These products are sold through our consumer and industrial divisions to retailers, distributors, and wholesalers worldwide.

BOSS HOLDINGS, INC.

Boss Manufacturing is a proud member of the Boss Holdings family. Boss Holdings identifies and invests in promising companies, helping them uncover new opportunities for lasting success through shared capital, logistics, and operational expertise. Check out our full family:
